FOUR-LEAF CLOVER
By Ella Higginson

I know a place where the sun is like gold,
And the cherry blossoms burst with snow,
And down underneath is the loveliest nook,
Where the four-leaf clovers grow.

One leaf is for hope, and one is for faith,
And one is for love, you know,
And God put another in for luck,—
If you search, you will find where they grow.

But you must have hope, and you must have faith,
You must love and be strong—and so,
If you work, if you wait, you will find the place
Where the four-leaf clovers grow.

HUMORETTES

Angus—That settles it!
Sandy—What settles it?
Angus—Soda.
Sandy—Settles what?
Angus—Sour stomach.

Critic—All I have to say is that if that picture of yours is art then I'm a blundering fool.
Artist—Then there can be no doubt of its being art.

Police Sergeant—Is the man dangerously wounded?
Patrolman—Two of the wounds are fatal, but the other one isn't so bad.

Travel Songs

Whether they realize it or not, the organ music and the playing of a radio in the big Pennsylvania station that the jostling crowds hear are part of an experiment to speed the moving of passenger traffic.

The railroad has installed a full size organ of 35 stops and a combination radio and phonograph to find out if music will clear the building quickly by getting people to move faster.

* * *

It Hath Charms

Right now, everyone is a bit puzzled as to the effectiveness of the project.

While it is true that music places travelers in a pleasanter frame of mind, it doesn't work so well when it comes to clearing the station. Last fall, Princeton alumni joined in the singing of their school song—then coming over the radio—so enthusiastically that the radio had to be shut off to get the rooters on the train.

What type of music shall be played on the organ is a problem. On religious holidays, church music alone is suitable; at the death of notables, funeral marches should be performed. Now the question is, does slow, mournful music pep up the passengers' actions, or the reverse? Then again, the music can't be too peppy, for they don't want the negro "red caps" to go into a Dixie jig when they play those down South tunes.

Mechanical Market

The latest step to speed us into a put-a-coin-in-the-slot existence is the automatic grocery store right in your own apartment building.

A New York apartment has installed this device—called the Delamat—which responds to the click of a coin by disgorging a can of beans, a lamb chop, a bottle of milk or anything that can be bought at a regular grocery. The Delamat consists of a series of chambers with glass doors in which are displayed packages of food which rest on holders fastened to an endless belt. At the insertion of the proper coin and a turn of a handle, the belt lowers the package to an open compartment. The customer reaches in and takes out the package. The entire operation takes but five seconds.

Food requiring refrigeration is dispensed by the same mechanism from an electrically operated refrigerator.

CONDITION OF COUNTY FUNDS FOUND GOOD

The finances of Comanche County are in splendid condition and are among the best condition of any in the State, according to the report of the Finance Committee filed this week with the District Clerk.

Bonds outstanding include only $6,000 on the jail, Comanche County being among the six counties out of the 252 in the state which have indebtedness less than $7,000 according to the Texas Almanac. Two counties, Comal and Fayette have no bonded indebtedness.

Ponded indebtedness for the different precincts include: Road District No. 1, $92,000; Road District No. 4, $140,000; Road District No. 5, $25,000. Warrants outstanding are Precinct 1, $3359.23; No. 2, $3076.50; No. 3, $4,588.94; No. 4, $23,173.90.

Balances in the treasury show: Jury Fund: $270.91; Road and Bridge No. 1, $3921.16; Road and Bridge No. 2, $7027.60; Road and Bridge No. 3, $1372.02; Road and Bridge No. 4, $6,799.88; General Fund $18,278.16; Pauper Fund, $1366.90; Court House Fund, $1054.51; Jail Fund, $1146.88 O. B. No. 1 Sinking Fund $5263.99; 15 Cent Special Fund $6332.23; No. 18 Sinking Fund $4175.06; No. 5 Sinking Fund $7,123.95; No. 18 Sinking Fund $4,175; No. 5 Sinking Fund $7,123.95; Court House Improvement, $116.34; Ward Road Fund, $9.00; Patton Road Fund $16.50; Howell Road Fund $13.50. Every County Fund shows a cash balance.

The committee which was composed of George Hulsey, G. M. Strickland and W. H. Wooley in their report said.

We find that the books of the county are correctly kept, neatly and orderly arranged and we believe the various officers making reports and handling the finances of the county are showing themselves to be competent and trustworthy.

"All officers have been courteous to the committee and we wish to thank them for their assistance in making the audit."

DEWOLFE TAX PAYMENT BILL PASSES HOUSE

The House of Representatives last Friday substituted the bill introduced by Representative Homer C. DeWolfe, providing for semi-annual tax payments for the Senate Bill on this subject, and the bill then went to free conference. The substitution was made by a vote of 94 to 12.

Under the DeWolfe bill, provision is made that a tax payer can pay any amount of his taxes as long as it is fifty per cent or more the amount due by February 1, and no penalty will accrue except six per cent interest, provided that the balance due is paid before October 1.

Representative DeWolfe's bill in substance makes permanent the plan used this year in collecting taxes.

FIRES HAPPEN AT ODD HOURS

Fifteen fires with a loss of $100 or over occured in Comanche during 1930. Eight of these happened between midnight and daylight, most of these occuring around three o'clock. All of the remainder burned between sundown and midnight, according to the records obtained from R. C. Graham, Fire Chief, except a one story wood structure belonging to Dr. Neil which was destroyed at a loss of $300 at 10 a. m.

Only one call for a residence fire was turned in during the day time and that fire was extinguised before the fire trucks reached the sene. Two small barns valued at $25.00 each burned during the day time.

A residence out side of the city limits belonging to H. J. R. Gille burned at 10 a. m. Eight calls were made during the day to put out grass or trash fires.

Friday and Saturday were the most popular days for fires, there being 5 on each of these days with Thursday drawing three.

Five fires have occured to date this year, causing a loss on buildings of $8,500 and on contents $7,500.00. All of these happened between midnight and 4 a. m., two of them at 2:30, one at 3 and one at 1:30. All happened on different days of the week, Sunday, Monday, Thursday, Friday and Saturday.

Loses Chicks In Sunday Blaze

Eight hundred and seventy-five week old baby chicks, belonging to County Tax Assessor G. R. Goosby, were lost in a blaze when fire destroyed a poultry house on his farm a mile south of Comanche Sunday night about eleven o'clock.

According to Mr. Goosby, upon returning from church at ten o'clock he went to the chicken house to inspect it and found everything all right, with his brooder operating nicely. An hour later he was awakened by the roar of the flames which were already beyond control. The Fire Department answered the call and aided in confining the flames to the one building which with the contents was a complete loss. No insurance was carried.

Mr. Goosby said he had just completed the house last week and bought 875 white leghorn baby chicks and installed a brooder.

Apparently not discouraged, Mr. Goosby bought 350 more chickens Monday.

Mrs. Brady Stuteville of Stamford spent the week with her parents, Mr. and Mrs. O. C. Shankle.

Third Of Car Of Seed Shipped

A third of a car of cotton seed was shipped from Comanche to Fort Worth this week to be exchanged for seed obtained from the Certified Seed Association. The seed for which the exchange was made together with seed purchased outright by farmers in this section will be shipped at an early date according to J. A. Barton, who said that these together with the high class seed raised by farmers of the county last year would insure a better staple cotton for this section.

Considerable amount of seed were trucked out of Gustine to be exchanged Mr. Barton said.

Messrs. Guyger and Pinson were represented by Oscar, Mark, and Gib Callaway, and the defendants were represented by Bryan, Stone and Wade of Fort Worth.

Rain varying from a half to an inch covered all parts of Comanche County Tuesday and Wednesday, putting a perfect season in the ground according to farmers from various parts of the county. The grain outlook is good and unless affected by rust or some other unforeseen pest, some predict that oats will yield as high as 75 bushels per acre and that wheat will average 15 to 30 bushels.

Less Dillard says his crop suffered a fifty per cent loss while Walter Durham, Paul Bowden and Charlie Cuthbertson say that their berries apparently were not damaged.

THERE'S NO EARTHLY FRIEND LIKE MOTHER

By Jesse Tiner

There's no earthly friend like Mother,
Mother's love will fail you, never,
Right or wrong, she'll love you ever,
Naught this tie of love can sever,
Like her, there's no other.

There's no earthly friend like Mother,
She'll rejoice when you are glad,
She will grieve when you are sad,
She'll pray for you, when you're bad,
Like her there's no other.

There's no earthly friend like Mother,
When your friends prove all untrue,
Break your heart, and grieve you too,
Mother's just the same to you,
Like her, there's no other.

There's no earthly friend like Mother,
Midst the toils and cares of life,
Where friends are few, and foes are rife,
Mother's with you through the strife,
Like her, there's no other.

There's no earthly friend like Mother,
When the day is dark and drear,
And the tempter is so near,
You can trust in mother dear,
Like her, there's no other.

There's no earthly friend like Mother,
While we tread this earthly shore,
Mother dear, we will adore,
We will love her more and more,
Like her, there's no other.

Restless CHILDREN

CHILDREN will fret, often for no apparent reason. But there's always Castoria! Harmless as the recipe on the wrapper; mild and bland as it tastes. But its gentle action soothes a youngster more surely than a more powerful medicine.

That's the beauty of this special children's remedy! It may be given the tiniest infant—as often as there is need. In cases of colic, diarrhea or similar disturbance, it is invaluable. A coated tongue calls for just a few drops to ward off constipation; so does any suggestion of bad breath. Whenever children don't eat well, don't rest well, or have any little upset—this pure vegetable preparation is usually all that's needed.

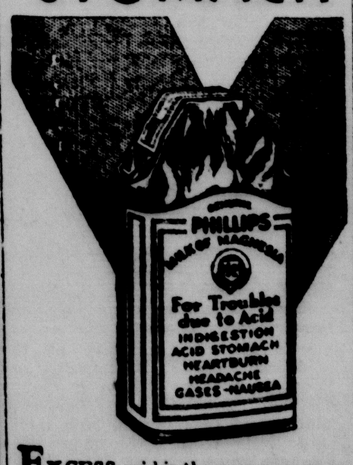
Nature Thought of Everything

Nature thought of everything when the human body was made. When the body is about to become ill, nature planned danger signals to warn us. Thus, if our children grind their teeth when they sleep, or lack appetite, or suffer from abdominal pains, or itch about the nose and fingers, we should know that they may have contracted worms. Then, if we are wise, we buy a bottle of White's Cream Vermifuge and safely and surely expel the worms. Thus we avoid the danger of very serious trouble. White's Cream Vermifuge costs only 35c a bottle, and can be bought from

PARIS SMITH

ACID STOMACH



EXCESS acid is the common cause of indigestion. It results in pain and sourness about two hours after eating. The quick corrective is an alkali which neutralizes acid. The best corrective is Phillips Milk of Magnesia. It has remained standard with physicians in the 50 years since its invention.

One spoonful of Phillips Milk of Magnesia neutralizes instantly many times its volume in acid. Harmless, and tasteless, and yet its action is quick. You will never rely on crude methods, once you learn how quickly this method acts.

Be sure to get the genuine. "Milk of Magnesia" has been the U. S. Registered Trade Mark of the Charles H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1875.

Relatives Honor "Grandma" Neely Reaching 93

To-day is the birthday of Mrs. Sarah Neely, Comanche's eldest lady, who was born in Mississippi, May 1, 1838. Coming to Texas as a bride of sixteen, Aunt Sarah has lived in Comanche County 77 of her 93 years.

Following a custom of twelve years standing, that the Sunday prior to her anniversary be observed as a family re-union and birthday celebration, children and relatives of Mrs. Neely gathered at the home of her grand-daughter, Mrs. J. B. Allcorn Sunday, where the birthday dinner which was brought in by the relatives was served in the yard upon tables arranged under the shade trees. No one enjoyed the dinner or ate more than "Aunt Sarah", despite the fact that she ate heartily of a supper prepared Saturday evening by her grand daughter, Ora Mills, who according to "Aunt Sarah", had to warn her to eat no more after the third helping of ham less she make herself sick and spoil the celebration on Sunday.

"Aunt Sarah" was all "spruced up" for the occasion according to Miss Mills who took her grandmother to the beauty parlor Saturday where she had her hair curled, dressed, the honoree declaring that she liked to keep up with the times.

Following the dinner at noon, the relatives spent the time talking over interesting bits of family history and again in mid afternoon assembled in the yard where they served ice cream and cold drinks.

Most of the relatives continued the party in the evening at the home of Mrs. Neely. Those present included Mrs. Joe Neely of Abilene; Mr. and Mrs. Aaron Little, Lewis Cunningham and family, W. H. Burton and family, Mr. and Mrs. W. H. Stephens and Tom Neely and family of Abilene, Mr. and Mrs. C. C. Prater and son, Charles of Hamlin, Mr. and Mrs. Arthur Lake of Zephyr, Mr. and Mrs. Alton Johnson and daughter and Mr. and Mrs. Hugh Latham of Brownwood, Eugene Neely and children, Staley and Adelle of Dallas, Mrs. Albert Mills, Mr. and Mrs. John Campbell Mills and daughter, Patricia and A. L. Mills of Pearsall, Holmes Mills of San Angelo, Ora and Weldon Mills, Rev. Gordon Barrett, Mr. and Mrs. Pat Cagle, Miss Emma Farrar and Sarah Burton.

In addition to the dinner, Mrs. Neely received numerous presents from her relatives and a post card shower from her friends. The birthday cake being sent in by Mrs. J. C. Gaddy.

Following a custom of many years standing, Mrs. Neely sent 93 pennies Sunday morning to be placed in the birthday jar of the Baptist Sunday School. Mrs. Neely in this connection said she joined the first Baptist Church organized in Comanche under a brush arbor in the fifties and with the exception of the time her membership was at Newburg, had since belonged at Comanche.

CARD OF THANKS

We wish to take this means of expressing to our friends and neighbors our appreciation of the many evidences of friendship extended us during the recent illness of our son, Harry Mark. Your interest in his welfare as evidenced by the beautiful floral offerings, the visits to him both while at home and in the sanitarium and your thoughtfulness during his long illness cheered him and will always be remembered by us. It is a genuine pleasure to know that we have such friends.

COMANCHE CIRCUIT

Another busy Sunday has passed. We preached at Sidney Sunday morning and at Beattie Sunday evening and at night. The attendance and attention was fine at each of these services.

Brother Gardner, one of our honored Superanuates, preached at Sidney Sunday night, much to the delight of our people. Brother Gardner was once pastor of this charge and is remembered as one of the most faithful and popular pastors. We sometimes feel ourselves unworthy to follow such good men, but under the providence of God it has fallen to us to be their successor and we trust we shall be able to keep the Banner from trailing in the dust.

We began a series of sermons Sunday afternoon at Beattie and will continue through this week, preaching at night only.

Sunday School day will be observed at Indian Creek next Sunday at 11 a. m. An interesting program is being prepared. The public is invited and the church urged to be present on this occasion.

Our District Conference, will convene at Winters May 11 and 12th. All who, by virtue of your official relation to the church, are members of this conference will please keep this in mind and make your plans to attend. You are an honored member by virtue of your office. Surely you will not disgrace the office by any kind of indifference?

This being the largest Circuit in the Brownwood District, We ought to have, and will have the largest delegation in the entire District, if each one of us will see to it that our place is filled. God help us to do it.

Brother Coleman's parting words to your pastor was, "You have things in the best shape on the Comanche Circuit that they have been in since I have been on the District." This is due to the co-operation you good people have given me. Let's keep up this record by a full attendance to the District Conference.

There are many things we might say, but we will not impose upon our good friends, the publishers of this splendid paper, by taking up their valuable space. Such courtesies as have been extended to us are highly appreciated. And we sincerely thank you.

SLONE GIVEN SENTENCES IN THEFT CASES

J. B. Slone, young man living in the Gouldbusk community, was tried in district court Monday and Tuesday on two cases of turkey theft and in each case penalties were assessed. In the case tried Monday he was found guilty and his punishment assessed at eighteen months in the state peitentiary. The case Tuesday resulted in a conviction and a one hundred day jail sentence was assesed.

Slone was arrested in this city the day he went to the county clerk's office to procure a license to wed. He was later arrested in Brownwood and carried to Comanche to face charges.

It is likely an appeal will be taken from the decision of the Coleman jury.—Coleman Democrat-Voice.

Mr. Slone according to Comanche officers will be brought to Comanche where he will be tried this term of court under an alleged charge of attempting to steal peanuts from a Duster farmer.

Mr. Slone and his wife were first brought to Comanche from Brownwood for questioning concerning an alleged hold up of Millard Coleman.

The Way of Life
By BRUCE BARTON

Too Much Bellyaching

I SHALL be criticized for the title of this editorial, but it is a good old Elizabethan phrase and there is no other which expresses so forcibly the thing I have in mind.

Let me illustrate with a story.

I stood in line one night at the ticket window in Providence, waiting to take up the lower berth which I had reserved to New York. In front of me was a man who had come up from Chatham on Cape Cod, having telegraphed for a reservation from there. Through a mistake on the part of the Chatham operator the telegram had gone to Boston instead of to Providence. If the man waited for the train to come through from Boston he would not get to bed until about two o'clock in the morning. If he got on a Providence car he would have to sleep in an upper berth because all the lowers were sold.

He bought an upper, but not without a great deal of grumbling.

"This is atrocious," he exclaimed. "Give me a telegraph blank. I am going to wire that operator in Chatham and tell him what I think of him."

To which the station agent answered very sanely: "What good will that do? You're mad already. What's the use of getting two men mad?"

Every hour of every day a certain number of things happen which just should not happen, but do. To err is human.

When I became a magazine editor years ago a very wise editor said to me: "You are about to make a sad discovery. You are about to learn that there are no efficient people in the world."

He went on to prophesy that writers would consistently misinterpret my instructions about articles and that artists would insist on drawing their pictures all wrong.

To a certain extent the prophecy was fulfilled; but, having been warned in advance, I managed to get along without losing my temper often or increasing my blood-pressure much.

If you expect perfection from people your whole life is a series of disappointments, grumblings and complaints. If, on the contrary, you pitch your expectations low, taking folks as the inefficient creatures which they are, you are frequently surprised by having them perform better than you had hoped.

Too many of us are like that man in Providence, who probably "bellyached" to everybody he met the next day, saying that he was tired because a fool operator in Chatham had caused him to sleep in an upper berth. Doubtless he went home and "bellyached" to his wife; and he may still be telling the sad story, for all I know.

What's the use of it all?

DR. CALDWELL'S THREE RULES

Dr. Caldwell watched the results of constipation for 47 years, and believed that no matter how careful people are of their health, diet and exercise, constipation will occur from time to time. Of next importance, then, is how to treat it when it comes. Dr. Caldwell always was in favor of getting as close to nature as possible, hence his remedy for constipation is a mild vegetable compound. It can not harm the most delicate system and is not habit forming.

The Doctor never did approve of drastic physics and purges. He did not believe they were good for human beings to put into their system. Use Syrup Pepsin for yourself and members of the family in constipation, biliousness, sour and crampy stomach, bad breath, no appetite, headaches, and to break up fevers and colds. Get a bottle today, at any druggistore and observe these three rules of health: Keep the head cool, the feet warm, the bowels open. For a free trial bottle, just write "Syrup Pepsin," Dept. 2B, Monticello, Illinois.

Bilious, Dizzy, Drowsy Feeling

"WHEN I was a child, if I did not feel well, or if I had a cold, my mother gave me Black-Draught," says Mrs. Orpha Hill, of Wofford, Ky. "When I was married, it became a family medicine in my own home, as it was in my mother's.

"I take it for headache and especially for constipation. When I get bilious, my skin gets yellow and I have a very bad taste in my mouth, and a drowsy feeling all during the day. My eyes burn and I get dizzy, or my head is 'swimming.' When I take Black-Draught, it seems to drive the impurities out of my system and I feel fine. I am seldom without this reliable remedy."
